

Northumbria Healthcare
NHS Foundation Trust

***Published Articles
And Research
2021***

Northumbria Healthcare boasts a high annual publication rate where the primary author is an employee achieving publications into high impact scientific journals including *The Lancet*, along with nationally acclaimed prize awards for outstanding research contribution.

In 2021, there were 146 publications by 183 Northumbria authors, with 44 articles published in journals with an impact factor of 4.0 or more.

We actively support our staff, doctors, nurses, pharmacists, allied health professionals, and support staff in presenting their own account research at both international and national conferences.

How to use this document

- **Titles marked in green** are Open Access
- Titles marked with [blue hyperlink](#) can be accessed in full by following the link and logging in via OpenAthens. You can register for an OpenAthens account at:
<https://www.openathens.net/>
- **Titles marked in red** may be available through the Library Service and can be requested here:
<http://library.northumbria.nhs.uk/how-to-request-an-article/>

For more information on Research and Development at Northumbria, please visit:
