To search

For our example search, we are looking for articles about gestational diabetes. Type your first search into the box.

If your results don't look relevant, add in another keyword for example management.

There are options on the left of the screen to refine your results. For example, to the most recent 5 years, or to articles in English

Scroll down to View your results. When there is a link to PDF, click on that and you will go directly to the whole article. You can save or print the PDF.
